Aby program zadziałał, należy do podanych pól tekstowych podać odpowiednie dane.

Poniżej pól tekstowych znajdują się następujące przyciski:

- Add – dodaje rekord do tabeli
- Update – aktualizuje rekord w tabeli
- Search – wyszuka(po ID oraz Name) podany parametr
- Delete – usuwa rekord w tabeli
- List - wyświetla zawartość tabeli
- Quit – zamyka program
- Shifts – przenosi do tabeli Zmiany
- Suppliers - przenosi do tabeli Dostawcy
- Products – przenosi do tabeli Produkty
- Departaments – przenosi do tabeli Departamenty

The screenshot shows a window titled "Window\_Departments" with a standard Windows-style title bar. On the left side, there are four text input fields labeled "Department ID", "Department Type", "Liability", and "Product ID". Below these fields is a row of five buttons: "Add", "Update", "Search", "Delete", and "List". Underneath these are two buttons, "Add Product" and "Remove Product", and a "Quit" button centered below them. At the bottom of the window are four buttons: "Workers", "Suppliers", "Products", and "Shifts". On the right side of the window is a large, empty rectangular area with a light gray background and a blue border, intended for a table or list of data.

The screenshot shows a window titled "Window\_Suppliers" with a standard Windows-style title bar. On the left side, there are five text input fields labeled "Supplier ID", "Supplier Name", "Supplier Type", "Supplier Carmodel", and "Product ID". Below these fields is a row of five buttons: "Add", "Update", "Search", "Delete", and "List". Underneath these are three buttons: "Add Product", "Quit", and "Remove Product". At the bottom of the window are four buttons: "Workers", "Shifts", "Products", and "Departaments". On the right side of the window is a large, empty rectangular area with a light gray background and a blue border, intended for a table or list of data.

Tabele Dostawcy oraz Wydziały mają dodatkowo dwa przyciski:

- Add Product - dodają produkt do tabeli
- Remove Product - usuwają produkt z tabeli
